Machine data

Manufacturer	APV
Model	MC120-3TPS
Serial number	
Year of manufacturing	
Function	homogeniser
Capacity	25000L/H
Operating pressure	175 Bar
Plunger diameter	
Main motor	160KW
Power supply	
Pump valve type	Poppet
Homogenising valve	Two stage
Homogenising valve actuating	hydraulic
Dimension (LxWxH)	2360X1600X1750
Weight	7000
Machine status	4 *
Machine condition	4 **

* status:

- 1 = incomplete
- 2 = not operational
- 3 = operational
- 4 = refurbished
- 5 = new

** conditions:

- 1 = will need attention
- 2 = low average
- 3 = fair
- 4 = good
- 5 = excellent
