

Series 2740

Bulk Material Discharge (3/16" White Tube)

Designed for in-plant and bulk transfer of flour, cake mixes and other abrasive foodstuffs. Series 2740 has a 3/16", white NR tube to resist abrasion and the dual anti-static wires can be electrically grounded to dissipate static charges.

Tube:	3/16" White natural rubber (FDA compliant)
Reinforcement:	Multiple textile plies w/dual static wires
Cover:	Gray, abrasion resistant SBR
Temperature:	-40°F to +150°F (-40°C to +66°C)
Design Factor:	4 : 1
Branding:	Burgundy Mylar / White letters
Origin:	USA
