

# Series 2745

## Bulk Material Handling Hose (FDA Grade)

Used in tank truck and in-plant service to convey dry, non-oily abrasive materials such as sand, limestone, plastic pellets, etc. This hose is also designed to handle dry abrasive food products such as sugar, corn, etc. Recommended for conditions where extra lightweight, high flexibility and extreme bending is required under pressure, gravity flow or suction service. **Not recommended for those materials where static electricity buildup is a problem.**

<b>Tube:</b>	3/16" White natural rubber (FDA compliant)
<b>Reinforcement:</b>	Multiple textile plies w/dual wire helix
<b>Cover:</b>	Gray, corrugated natural rubber
<b>Temperature:</b>	-40°F to +150°F (-40°C to +66°C)
<b>Design Factor:</b>	4: 1
<b>Branding:</b>	Burgundy Mylar / White letters
<b>Origin:</b>	USA
