

Patty Stacker

Automatically stacks frozen patties, greatly reducing pack-off labor.

Stacks patties from the fastest former - up to and beyond 100 strokes per minute.

Field proven - hundreds in operation in many applications all over the world.

Stacks a wide variety of shapes and sizes, with or without paper interleaving.

Sleeve pack system available.

Quick change, custom trough assemblies allow the stacker to switch from one patty to another in minutes.

Variable speed drive for different line speeds.

Stainless steel, wash down construction.
