

# Series 1300

VERSATILE ► DURABLE ► RELIABLE

The **Series 1300** is LSI's line of labelers specifically designed for Top Labeling of boxes, caps, and any other flat top containers. Other typical labeling applications included labeling of DVD/CD cases, food products, cosmetics or clam shell container labeling. The **Series 1300** is designed to work with any of LSI's standard labeling heads such as the Series 30 & 40 Apply Only Labeling Heads and Series 20 Print & Apply Labeling Head. Whether you want to print and applying shipping labels to outbound orders as they travel out your case sealer or if you want to apply a promotional stickers to one your products, this machine is built for easy changeover, accurate label placement, and continuous 24-7 use.

The **Series 1300** includes such features as:

- Available as synchronous dispense (Model 010 Wipe on Applicator w/ a brush or with a tamp applicator).
- Rigid mounting of the labeling head(s) for high accuracy labeling
- Head mount assembly is highly adjustable for easy adjustment of vertical label placement.
- Bright LCD digital display, easy to read, simple menus, remote mounting available
- PLC Controls - flexible, I/O expansion kit upgrade optional
- Re-settable product and label counters
- 50 Recipe storage locations, for easy set-up and repeatable product change over
- Auto Teach Label Sensing
- Heavy duty aluminum plate and stainless steel construction, designed for 24 x 7 duty
- Available in Right or Left Hand Configurations
- Thermal Transfer or Hot Stamp Date/Lot Coding
- Remote Display Mounting
