

OptiDry®

Optimum container drying

- Combination of Gebo drying and conveying expertise
- Optimum drying efficiency thanks to precise settings
- Easy adjustments for format changeovers
- Minimized energy consumption
- Reduced noise level

Optimum drying efficiency

HOW CAN A FEW DROPS OF WATER IMPAIR LABELING, CODING, OR METAL INTEGRITY?

GEBO OPTIDRY® OFFERS AN OPTIMUM DRYING EFFICIENCY OF OVER 99%* THANKS TO A DRYING AS CLOSELY AS POSSIBLE TO YOUR CONTAINERS.

APPLICATIONS

- Markets: beverage, dairy products, food, home care, personal care
- Containers: PET, glass or metal, round and shaped
- Drying types: body and neck for labeling, neck for coding and control, metal cans for coding and rust prevention

OPTIMUM DRYING EFFICIENCY

- Unique nozzle design by Gebo for the best air flow control
- Precise adjustment of plenum position and air flow to container shape
- Automatic variation of air flow according to conveying speeds
- Integration of dryer regulation into line flow and downward machine infeed regulation
- Customized equipment settings

The 99% efficiency of OptiDry® has been ascertained through several tests on different container shapes and formats.

FAST AND REPEATABLE CHANGEOVERS

- Plenum adjustment through graduated indicators
- Easy manual or automatic nozzle positioning
- Manual or automatic conveyor side guide adjustment

MINIMIZED ENERGY CONSUMPTION

- Optimized air flow thanks to the use of nozzles positioned as closely as possible to containers
- Precise air flow adjustment to container type and shape
- Real-time air flow regulation according to conveyor speed

REDUCED NOISE LEVEL <80 DB(A)

- Acoustic tunnels at dryer infeed and discharge
- Sound insulating stainless steel doors
- Fan casing equipped with noise-absorbing material

STURDY AND HYGIENIC DESIGN

- Stainless steel construction
- Fully washable upper drying zone
- No water retention points, water draining to one single point

First in line

In a complex industry where know-how is everything, Gebo Cermex is formed from the union of two strong brands: Gebo & Cermex, gathering packaging line engineering experience across a range of market segments from beverages and food to pharmaceuticals, via home and personal care.

For over half a century, our experts have improved the performance of production and packaging lines in some of the most demanding industries.

Today **more than 37,000 equipment & systems installations bear our signature**. We add value to our customers' business in four dimensions, from equipment design and manufacturing to line engineering, services and asset performance.

Gebo Cermex, headquartered in France is a people-centric organization with **1800 employees and over 20 commercial & manufacturing sites** in all major regions around the world.

No-one knows packaging lines like we do. We are first in line.
